

FortressGO

Compact and portable Lithium Ion Smart Battery Systems are made for your home or the outdoors with a built-in inverter, charger and battery management system. Multiple outlets allow you to connect your appliances easily.

Equipped with latest and safest Lithium Battery

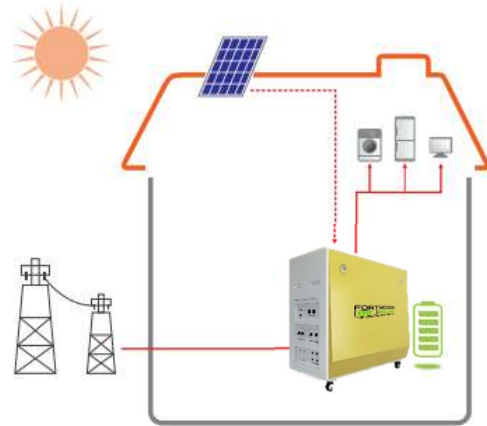

Compact and user friendly

Large power capacity for long operating hours

High discharge power for large appliances

Solar/utility/generators friendly

Smart FortressGO Portable Energy Storage

FortressGO Specifications				
AC OUTPUT	Rated Power [W]	500	1300	3000
	Surge Power [W]	1000	1500	3000
	Rated Voltage [V]	110V, 60Hz or 220V, 50Hz		
	Wave Form Type	Pure sine wave		
	AC outlets	2 pcs		
	Phase	Single phase		
	Transfer time [ms]	< 8		
DC OUTPUT	DC outlets	2 x 9-12V/15A 3 x USB 5V/2A	4 x 24V/4A 4 x USB 5V/2A	1 x 12V/4A 1 x USB 5V/1A 1 x USB 5V/2A
BATTERY	Technology	Lithium Ion		
	Nominal Capacity [WH]	444	2160	5000
	Usable Capacity [WH]	360	2000	4000
	Cycle life	> 500	>500	3000
	Capacity Scalability	No	No	Yes
AC INPUT	Input Voltage [V]	110V, 60Hz or 220V, 50Hz * 2 pcs		
DC INPUT(PV)	Input Voltage [V]	18	36	50-100
	Wattage [W]	100	500-800	1000-1500
DIMENSION [WXDXH, inch]		11.9 x5.3 x 7.3	17x8x9	33x15x31
WEIGHT [lbs]		11	35	330
CHARGING TEMPERATURE [F]			32 to 113	
DISCHARGING TEMPERATURE [F]			-4 to 140	
STORAGE TEMPERATURE [F]			-4 to 131	
ENCLOSURE			IP 21
