

Thank you for considering buying warranty extension for your Darfon products. Purchasing warranty extension allows extra time to be added to the standard warranty period stipulated in the Darfon Limited Product Warranty.

CONDITIONS:

- This warranty extension order form is only valid for the following products (“Product(s)”): Hybrid inverters H5000, H5001, HB5 and HB51, either standalone or integrated into systems such as the H200 and H300.
- This warranty extension only applies to the above-mentioned Product(s), and does not apply to other components, including but not limit to, batteries, cables, monitoring hardware, racks, cabinets, and consumables such as fans, filters, breakers, switches, and connectors.
- This warranty extension option is only available for products installed in USA, excluding its territories.
- Warranty extension must be purchased within 12 months from the original purchase date of the Product(s).
- All other terms and conditions, including warranty exclusions, in the Limited Product Warranty shall continue to be applicable. The Darfon Limited Product Warranty can be downloaded from www.darfonsolar.com or obtained by writing to pvsales@darfon.com.
