

PRESS RELEASE - 10/8/2020

FORTRESS POWER MAKES DONATION TO CALIFORNIA FIRE FOUNDATION

Southampton - October 8, 2020 Fortress Power today announced that it has made a donation to the California Fire Foundation. The financial contribution is made in lieu of support to surviving families of fallen firefighters and the communities they serve. The donation will help them provide aid to victims of fire or other natural disasters through the Supplying Aid to Victims of Emergency (SAVE) Program. Fortress Power's \$3,000 donation will support the SAVE Program, where front line firefighters in California provide gift cards, in the amount of \$250, to eligible victims of fire and other natural disasters so they may purchase basic necessities such as food, clothing or medicine.

"This has been a devastating time for people in California. We have business partners, clients and friends that have suffered because of these destructive fires. We hope our donation makes a difference in the lives of the survivors and we encourage others to help and donate to this organization." said Jing Yu - Fortress Power CEO.

Fortress Power invites their friends and colleagues to contribute to the CA Fire Foundation at the following link:
